

ALEKSANDAR GJORGEV

As a motivated junior programmer, I specialize in front-end development and possess a growing proficiency in back-end technologies. I aim to leverage my technical expertise, adaptability, and communication skills to contribute effectively to innovative projects and develop user-friendly applications.

WORK EXPERIENCE

Apr 2024 - Dec 2024 **Software Developer**

Printec Group, Ljubljana

- Developed a self-service POS system incorporating a kiosk, the Glory C1-10 cash management system, and card payment integration.
- Designed and implemented a Flask server to handle API communication between the kiosk and backend systems, including SOAP requests to the C1-10 machine.
- Created a user-friendly kiosk interface using Flutter to enable staff ordering and payment.

Key Skills: Python, C#, Git, Flask, Flutter, APIs, SOAP Integration

Oct 2023 - Feb 2024 **Volunteer Soldier**

Slovenian Armed Forces, Novo mesto

- Completed voluntary military service to enhance discipline and adaptability.
- Learned essential skills including weapons handling, wilderness survival, and tactical positioning.
- Strengthened teamwork, communication, and resilience under high-pressure conditions.

Key Skills: Weapons Handling, Survival Skills, Tactical Positioning, Discipline, Teamwork

May 2023 - Jul 2023 **Frontend Developer**

Avant Car, Ljubljana

- Initially supported the logistics team by managing vehicle movement and availability for customers during understaffing periods.
- Transitioned to the primary role of Junior Website Developer, contributing to the development of a car booking platform.
- Utilized Laravel, PHP, JavaScript, and Docker to enhance the platform's functionality.

Key Skills: Laravel, PHP, JavaScript, Docker, CMS

Apr 2023 - Jun 2023 **Frontend Developer (Internship)**

Methodyca, Ljubljana

- Undertook the development of the company's front-end website as my first major project.
- Collaborated with a mentor and implemented UI/UX designs using Hugo, Bootstrap, HTML, CSS, and Node.js.
- Improved my expertise in front-end programming and responsive design principles.

Key Skills: Node.js, Git, HTML, CSS, Bootstrap, Responsive Web Design

EDUCATION AND QUALIFICATIONS

Oct 2023 - Present **College Diploma (Ongoing)**

Sofizo d.o.o, Devinska ulica 1, Ljubljana

- Developing advanced skills in programming languages such as C#, Python, and JavaScript.
- Gaining expertise in database management, system architecture, and cybersecurity principles.
- Working on collaborative projects to design, implement, and optimize software solutions.
- Focused on mastering cloud computing technologies and integration of APIs in web and desktop applications.

Key Skills: C#, Database Design, Cloud Integration, Software Development Lifecycle

○ Sep 2018 - Jul 2023 **High School Diploma**

ŠTŠiška, Litostrojska cesta 51, Ljubljana

- Studied foundational programming concepts, focusing on languages like PHP, JavaScript, and Python.
- Learned about software development lifecycles, debugging, and version control systems.
- Built practical experience in website development using HTML, CSS, and responsive design techniques.
- Gained knowledge in hardware setup, networking, and troubleshooting IT systems.
- Participated in team projects, developing small-scale software solutions and optimizing system performance

Key Skills: PHP, Python, JavaScript, Responsive Design, Networking Basics, IT Support
